Subject: Evaluation of Building Radiological RGs
Attachments: Radiological RG Evaluation for Buildings 10 Oct 2019.pdf; smime.p7s

HP Team,

Please see the attached evaluation of radiological remedial goals for buildings. This file was posted to the Navy website and notices were sent out for 30-day public comment on Oct 10.

The EPA consultative process is happening concurrently with the review for public/agency comment on the attached file. This process will likely affect the final radiological evaluation outside of our normal review/comment process.

I apologize that this was not sent to you last week. If you have comments, please provide them by Nov 14, 2019.

Best Regards,

Derek J. Robinson, PE
